A Brand New Drug Stock Arrived This Week

\$5

is not a large sum. But with that amount of money you can get The Pioche Record sent to you for one year and also become the owner of one of those 31-piece Dinner Sets.

Go to any of the retail stores and these dishes will cost you twice \$5, or \$10.00. Therefore you are saving \$7.50 and getting The Record for one year, on the transaction.

There never was such an opportunity offered in Lincoln county before to obtain first class Christmasware. We invite you to come in and see these dishes. They are going fast and you will have to hurry.

About the 7-piece Berry Sets, you can get The Record and one of these beautiful sets for

\$3.25

Christmas Dance

HOLIDAY STATIONERY

In a few days there will arrive at the Pioche Record office a fine lot of HOLIDAY WRITING PAPER, put up in artistic CHRISTMAS BOXES. None Finer Ever Brought to Pioche.

Subscribe now for the Record for the year 1913.

A CHRISTMAS SUGGESTION

A set of Record dishes and a year's subscription to this paper would make a good Christmas gift. The dishes are going fast and the shipment received recently will not last much longer.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and restoring nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address HALL'S CATHARTIC CO., Toledo, Ohio. Sold by all Druggists, etc. Take Hall's Catarrh Pills for constipation.

Delicate Scales.

In the personal laboratory of Sir William Ramsay, at University college, London, is a new pair of scales so delicately adjusted that they will weigh a seven-millionth part of an ounce. The room is in semi-darkness. So delicate are these wonderful scales that their balance is disturbed by the alteration of temperature caused by the turning on of an electric light at the other end of the room. The operator has to leave them for an hour in darkness--after he has tipped from the room so that his footfall should not set up any vibration--and then read them swiftly before any change in the temperature has had time to affect them. The scales, only a few inches long, appears a mere cobweb of glass with its frail supports. It is not made of glass, however, explains Sir William, but of silica, which expands and contracts under the effect of heat far less than glass.

Poverty in Old New York.

Kickerbocker Gossip--Yes, that is the rich Miss Gaudiers. They say her father hath five thousand pounds if he hath a chilling. Stranger--And who is the beauty with her? Gossip--A beauty, yes; but, alas, her face is her only fortune. She hath but a miserable ten-acre farm in Broadway.--Judge
